To
All Zonal Directors of NYKS

Dear Zonal Directors

This refers to deployment of NYCs volunteers for the year 2015-16. As per the data available with NYKS Hqrs, presently, we are having 11115 volunteers registered online, out of which, 6225 volunteers are in second year of deployment, whose tenure of deployment will be completed by March/ April, 2015. Accordingly, around 4875 volunteers will be continued for 2nd year. All such volunteers who have been found effective during their 1st year deployment may be continued for the 2nd year. No volunteer will be continued beyond 2nd year of deployment. Accordingly, we need to deploy around 7125 fresh volunteers during 2015-16.

There is a provision of Rs. 5000/- per district to meet out the expenses towards issuing advertisement in the local leading newspapers for inviting applications.

It is noticed that around 60 new districts have been created out of big districts and 122 new kendras are getting Core Programme and Special Programme funds. In view of this, the following is the allocation for deployment of volunteers during 2015-16.

Sl. no	Particulars
1.	2 NYCs per block in 623 districts (including 122 new kendras)
2	2 NYCs at Kendra office for computer work in 623 districts (including 122 new kendras).
5	3 volunteers per new district without Kendra (60 districts)

There will be no additional deployment of any volunteers for big districts/ backward districts e.t.c. In other words the deployment ratio will be strictly as per the above mentioned allocation only.

The following are the main criteria for the deployment of volunteers:

- Selection and deployment process of the volunteers would only be for the vacant positions as per the allocation. However waiting list for Non-vacant positions may also be prepared. The basic principle of enrolment of 2 NYC volunteers per block should strictly be followed in all 623 Kendras (including 122 new Kendras).
- 2 volunteers per block for New NYK districts (122 kendras) may be selected
- Two NYCs for computer work in each 623 Kendras may be deployed without block consideration.
